Profile

I am an M.S. student in Artificial Intelligence at POSTECH, working under the supervision of Prof. Sangdon Park in the Machine Learning Lab.

My research centers on developing principled statistical and computational methods that enable reliable learning and decision-making, even when the underlying models are imperfect.

Publications

Jungbin Jun, Ilsang Ohn
Pattern Recognition, 2026

Education

Pohang University of Science and Technology Sep. 2026 – Present
M.S. in Artificial Intelligence Pohang, South Korea
Advisor: Sangdon Park

Inha University Mar. 2022 – Aug. 2026
B.S. in Statistics Incheon, South Korea
Advisor: Ilsang Ohn
GPA: 4.42/4.50 (Rank:1/41, Major: 4.48)
Graduated in 6 semesters

Research Experience

Theoretical Statistics Lab at Inha University Mar. 2025 – Aug. 2026
Undergraduate Researcher (Advisor: Ilsang Ohn) Incheon, South Korea
- Conducted research on conformal prediction and variational Bayes, resulting in three manuscripts, including first-author work.

Research Center for Small Businesses Ecosystem Dec. 2022 – Jul. 2023
Undergraduate Researcher (Advisor: Seungwhoun Kim) Incheon, South Korea
- Studied synthetic data generation and privacy-preserving methods for pseudonymized data.

Experience

National Institute of Environmental Human Resources Development Feb. 2025; Aug. 2025
Teaching Assistant Incheon, South Korea

Korean Augmentation to the U.S. Army (KATUSA) Aug. 2024 – Feb. 2025
Sergeant, 188th Military Police company Daegu, South Korea

Honors & Awards

Hanjin Group Scholarship 2026
Inha University; Awarded to the top-ranked student in the department.

Academic Excellence Scholarship 2023, 2025
Inha University
